Where data and communication meets expertise

PROTECT YOUR FILES AGAINST LOSS, THEFT, VIRUSES, AND NATURAL DISASTERS. SHARE BUSINESS DATA SECURELY AND PRIVATELY IN THE OFFICE OR ACROSS THE GLOBE. SYNC YOUR CRITICAL WORK ACROSS ALL YOUR COMPUTERS. ACCESS YOUR DATA FROM ANY WEB BROWSER. YOU CAN DO ALL OF THAT AND MORE, ON THE GO, FROM ANYWHERE, SECURELY, WITH JUST A CLICK.

Introducing My Secure Backup

My Secure Backup is an invaluable tool for businesses. Computer failures, missing or stolen laptops, and corrupted files are facts of life and without a fail-safe backup, your business is exposed.

My Secure Backup users enjoy the peace of mind and flexibility that comes from knowing that their company's data is protected with our AES-256 encrypted automatic backup - for all their computers and employees.
